

Part 6: The Seeds of Andhra Pradesh

<https://vimeo.com/309950517/258fc7db2f>

☞ What do the diversity of seeds and plants do for civilization/farmers?

ANDHRA PRADESH, INDIA

☞ Home to more than _____ crops that are prized for their seeds.

☞ _____ is their largest export market.

Jot down a note about each crop...

N. Chandrababu Naidu
Chief Minister of Andhra Pradesh

“Without seeds...
nothing will happen.”

What is this politician
doing for his country?

As seed quality improves

☞ Production has

_____ & returns have

☞ Reduced the use of

“Seeds are not the beginning...but the real world of agriculture, of all civilization.
So the seeds can feed the world, heal the world, clothe the world and energize the world.”

Manjit Misra

Director, Seed Science Center
Iowa State University
